

**Double-Pole Line-Voltage**Heat-Only Mechanical

## Product Highlights

- ✓ Easy to use
- ✓ Mercury free
- ✓ 5 year warranty
- ✓ Double-Pole Line-Voltage

## Product Features

- Easy to install and use
- Clean attractive design
- Contains no mercury
- 5 year warranty
- ETL certified (USA, Canada)
- Single bi-metallic temperature sensing strip

## Thermostat Electrical Ratings:

- Resistive: 22A at 120/208/240/277 VAC (2640W @ 120V, 5280W @ 240V)
- Inductive: 1/2 HP @ 120V, 3/4 HP @ 240V

## Physical Dimensions (When Mounted):

- Width = 2.75" (70 mm)
- Height = 4.50" (115mm)
- Depth = 1.50" (40mm)

## Installation

## Compatible With

- 1-stage heat only: double or single-pole (4 or 2-wires) and 120/240 VAC systems up to 22 amps

## Not Compatible With

- Conventional 24V heating applications
- Millivolt heating applications
- Cooling applications

## Carton Pack Quantity:

- 5 pieces

## UPC Code:

- 0 21079 14263 7
